Aloe Vera Personal Care Products: Oral Hygiene

The effects of good Oral hygiene run far deeper than the mouth, teeth and gums that are coated with plaque have actually been linked to an increased risk for various cardiovascular diseases. Adding Aloe Vera to an Oral hygiene regimen greatly boosts the mouth’s protection against periodontal diseases, such as gingivitis.

- Aloe Vera gel soothes and heals mouth-sores, both thermal and chemical
- Aloe Vera gel cures acute inflammation of the Oral mucosa of fungal or bacterial origin and candidiasis
- Aloe Vera gel provides relief from pressure ulcers after ill-matched dental prostheses. It can be used immediately before the imposition of a prosthesis, which also has antibacterial properties and prevents odor.
- Aloe Vera gel controls bacteria after surgically placed dental implants

Aloe decreases pain, reduces swelling, and other symptoms of inflammation in the mouth. Aloe stays on the skin and gums surface for a few hours, which further extends the therapeutic effect.
Antibacterial activity of Aloe Vera has been recognized by dentists when they found out that gingivalis strains, responsible for the majority of periodontal diseases, cannot withstand Aloe.

- Aloe Vera strengthens the defense mechanisms that improve the condition of the Oral mucosa,
- Helps in the application after surgery in the Oral cavity. Wounds after extraction heal much faster and without complications (avoiding the so-called empty socket).
- Aloe Vera accelerate the healing of various injuries and gum irritation
- Aloe is an excellent ingredient as a tooth and gum cleaners. As active ingredient cleans and soothe and help fight cavities.

- Aloe Vera gel is effective controlling cavity causing organism. Aloe Vera toothpaste tends to be less harsh on the teeth.
AloeToothpaste is a breakthrough in the science of Oral hygiene, the water is replaced with soothing Aloe Vera juice, which is combined with a powerful blend of Carefully selected natural, active ingredients to create a truly exceptional toothpaste.
